SONLIGHT®

HOMESCHOOL *SUCCESS* STARTS HERE.

"Since we first delved into homeschooling in 2012, Sonlight has been our solid foundation! I have loved being part of the journey of learning that each child has embarked upon. The stories we have read and enjoyed together have brought us all closer as a family. My older children often want to listen in on the read-alouds from their previous years that I am now reading to their younger siblings. I am so glad we chose Sonlight in the beginning, and have decided to continue using it now into the high school years. The depth of knowledge and rich literature that my children have obtained and consumed over the years is invaluable!

The D. family, Sonlighter from Colville, WA

Dear Friend,

I welcome you as you explore adding literature-based learning to your family and homeschool. You stand at the start of a journey that my family, and thousands of others, have taken with our children. We count it a privilege to partner with you as you join the world-wide community of Sonlighters!

Please know that one of our goals at Sonlight is to help you to be exceedingly successful in your homeschooling. From the rigorous review of every book in our programs, to the day-by-day schedule and teaching resources in our award-winning Instructor's Guides, we want you to begin your journey with confidence.

Our partnership doesn't end when you place your order for curriculum materials. If you are new to homeschooling with Sonlight, our Sonlight Newbies Group partners you with our team of veteran Sonlight Curriculum Mentors who come alongside as you navigate your first year. If you are further along the path in your homeschooling, the Sonlight App provides a support network right where you are.

I believe that you are your child's best teacher. And I believe that Sonlight Curriculum will help you to equip your children with a strong spiritual foundation, foster lifelong learning, and build critical thinking skills. Because you are so well suited to teach your children, I see Sonlight's job as providing you the tools you need to do that.

May you be empowered to nurture enthusiastic, life-long learners who are motivated and equipped to follow Christ wherever He leads and in whatever He calls them to do.

Blessings,
President and Co-Founder

SONLIGHT:

[son-light] noun

Complete, Literature-Based, Christian Homeschool Curriculum You're *Guaranteed* to Love.

"I love the closeness our family has because of Sonlight. The kids often talk about stories we've read aloud and things they've learned in Science as they try to apply them to the real world," shares Sarah Z of Clarkston, GA. The Z family have been homeschooling their three children with Sonlight since preschool. Emma (9) is holding her favorite books from All-Subjects Package C.

100% MONEY-BACK GUARANTEE.

With Sonlight, you'll have the flexibility to personalize your homeschool year and customize your curriculum package. With our 100% money-back guarantee, you'll be confident knowing you've got the best curriculum for your family.

WITH SONLIGHT'S UNIQUELY TAILORED CHRISTIAN HOMESCHOOL CURRICULUM, *YOU CAN DO THIS.*

A loving, determined parent with a great curriculum can impact a child like no one else. At Sonlight, we believe you are your child's best teacher and provide you with the tools to raise children who *love to learn, love God*, and have the *academic preparation* for their future.

With Sonlight, you'll rekindle your child's love of learning, teach to your child's needs and interests, foster connections with them, and ultimately equip them to do whatever God calls them to do.

Discover Sonlight's foundation and how we connect family members through our curriculum with the five big ideas below.

1. **Literature-based:** Children are naturally curious and love stories. Sonlight's excellent books are full of characters from around the world and throughout history. Our proven, effective approach makes learning effortless.
2. **Christ-centered:** Sonlight helps you discover God's love for all people and raise children who honor Christ. Engage in faith discussions that build deep, lifelong roots as you connect your learning to the larger Biblical picture.
3. **Family-oriented:** Sonlight provides ample opportunities to develop open communication and trust while you read, discuss, and discover together. Lasting memories and stronger family bonds form as a result.
4. **Globally-minded:** Sonlight equips you to raise ambassadors for Christ. They learn to approach complex issues with a balanced, compassionate perspective as they study the contributions of different cultures and pray for people around the world.
5. **Academically Excellent:** Give your children a robust education that prepares them to excel in whatever God calls them to be. Sonlight students are critical thinkers with a broad understanding of history, literature, the Bible, science, and more. Our rigorous academic approach ensures your children are prepared for their future.

"Since we took the plunge to homeschool in 2012, Sonlight has been our foundation! It has been a privilege to be part of each child's learning journey. Our favorite aspect of Sonlight is its focus on living books and excellent literature! We have discovered countless books we now love but would have never known about if it weren't for homeschooling with Sonlight. This curriculum is helping my children gain a rich education while encouraging a love of family. We are looking forward to continuing to learn and grow together as my eldest starts her 10th-grade year!" shares HelenClare R of South Shields, UK. Eden (15) shares her history book from level H with Judah (13), Shiloh (10), and Gabriel (7). The R family have been homeschooling with Sonlight since the beginning.

OUR TOP TEN GOALS...
DO THEY MATCH YOURS?

Whether you are just getting started or have a few years under your belt, you might find it refreshing to consider what your homeschooling goals are. What metric will you use to determine if you're having a successful year? Are academics the most important? Or character training? Or raising your children to be independent adults?

As a partner in your family's education, these are the goals that we hold. If these sound good to you, Sonlight will be a great fit for your family.

1 Teach your children to seek God's Kingdom above everything else.

Jesus instructed his followers to "Seek first His [God's] kingdom and His righteousness" (Matthew 6:33).

By design, Sonlight's curriculum seeks to spark meaningful conversations between you and your children. These moments can help your children learn to put God's kingdom purposes first.

2 Raise children with God's heart for the world.

God's plans are for all nations, all people groups. As Revelation 5:9 says, there will be some from "every tribe, language, people, and nation" worshiping before God's throne at the last day.

Since God's heart is for the world, you'll teach about the world right from the start. Starting with a true story set in Thailand in the Preschool program, and continuing each year, your children will meet (and pray for) people from many cultures.

With this global perspective, Sonlight offers the opportunity for your children to understand their role in what God is doing in the world.

3 Inspire your children to honor Christ boldly.

Our desire is that Sonlight students understand that they are part of God's plan, which is far bigger than they are. This plan has been carried forward through the centuries by "a great cloud" of faithful people who fulfilled their callings, often with great sacrifice (see Hebrews 12:1).

Your children will find true heroes—people whose lives they want to emulate. As you read compelling biographies, you'll help your children see these heroes as real, imperfect people who continually said yes to God. And you'll see how God has continued his work in the world through Christ-followers.

Your children will sense the excitement and challenge of following Jesus in big and little things—not only at home and at church, but also in their work and culture.

4 Prepare your children to be winsome ambassadors for Christ.

Paul calls us "ambassadors for Christ" (2 Corinthians 5:20). Ambassadors represent their home country in foreign places, communicating their home country's message to their hosts. They are the bridge between their home and their hosts.

What a wonderful calling! In order to train your children to become effective ambassadors, you help your children know both Christ and the Scriptures, as well as the people and culture around them.

Effective ambassadors are familiar with the truth and know their audience. They know the message they have been sent to share, and how to share it, taking into account what their hosts think, believe, and value.

5 Raise "culturally literate" students.

We all need to know a certain basic set of background information if we want to get along in a culture, let alone influence it. We must be aware of the key historical events, significant people, movements, groups and ideas that have shaped our culture.

With Sonlight, you'll read widely from carefully selected books that help your children become culturally literate adults. Your children will have a foundational base of knowledge.

More importantly, these books help prepare your children to respond to cultural influences in a godly way. Cultural literacy helps prepare students to become world-changers—people who make a difference for good.

6 Teach your students how to listen to others with confidence and with interest in other viewpoints.

"Everyone should be quick to listen, slow to speak" (James 1:19).

To communicate effectively for Christ, we might do well to listen. Sonlight teaches this skill in two ways.

First, your children will listen while you read to them. Studies show that children develop better listening skills when their parents regularly read to them at length. Sonlight Read-Alouds help you love reading together daily, and so your children will learn to listen.

Second, Sonlight programs often present multiple sides of an argument. Your children listen to two perspectives on various issues and work to find quality solutions. Sonlight equips you to walk alongside your children as they learn the tools, techniques, knowledge, and skills of godly intellectual engagement.

Your students will learn that most issues have more than one perspective, and that, in the face of other perspectives, they need not mock nor cower. They can find answers to questions that challenge their point of view. There is no need to fear. They can be confident in the face of differing viewpoints.

7 Inspire students to be true scholars.

With Sonlight, your students go beyond simply memorizing information. They learn how to research, compare views, think critically, and explain their perspective articulately.

We believe true scholarship is an important step in preparing students to do whatever God calls them to do. Those who have "done their homework" are in far better positions than those who haven't learned to communicate effectively with people who hold different perspectives.

8 Foster a love of learning.

What good does it do to fill children's minds with information if they never develop a sincere desire to learn and grow in wisdom? As Solomon said: "Blessed is the man who finds wisdom, the man who gains understanding, for she [wisdom] is more profitable than silver and yields better returns than gold. She is more precious than rubies; nothing you desire can compare with her" (Proverbs 3:13-15).

Once your children want to learn, you have equipped them to keep learning throughout life. This allows them to press toward the goals God wants them to pursue.

9 Prepare students for thoughtful action on significant issues.

The Bible and other quality literature develop empathy, teach life lessons gracefully, and encourage students to search the Scriptures to find out how Jesus would respond in certain circumstances.

As your students read and think about serious social, personal, and ethical issues, they prepare themselves for times when they may face similar dilemmas. Can you imagine a more enjoyable way to gain wisdom and knowledge than to read great books?

10 Launch mature adults.

The end result of education is not solely to create young people with brilliant minds. A brilliant mind, after all, can be turned to good or ill purposes.

Rather, we want your children to be mature adults, who make prudent decisions instead of self-destructive ones, who have purpose and direction instead of aimlessness, who are eager to serve the Lord and the body of Christ rather than living for themselves.

Sonlight students worldwide are discovering their gifts and using them to further God's kingdom in different ways.

One Sonlighter was recently the first in her family to graduate college. Another just started at Stanford. Another Sonlight grad is headed to the Navy to study nuclear engineering. Another student plans to be a medical missionary, while another is already working to fight human trafficking.

As you look at your goals for your homeschool, may you be inspired by how meaningful this calling is; may you be encouraged by how doable it is, through God's grace; may you be strengthened in the year to come as you raise and educate your children.

> "When we were on the lookout for a homeschooling curriculum with a Christian outlook that enabled and preserved open critical thinking while imparting the love of learning, we found Sonlight and didn't need to look further. When our box arrived we were assured we'd made the right choice as our son brought us book after book to read to him. We thank God for bringing us in contact with Sonlight," shares the M. family in Sarenga, India.

What's Sonlight's Secret?

CHILDREN RESPOND MORE POSITIVELY TO GREAT LITERATURE THAN TO TEXTBOOKS.

When it comes to literature-based curriculum, Sonlight wrote the book. Discover a delightful way to learn, centered on love for the Lord, love of great stories, and innate curiosity.

Books are at the center of Sonlight

A Sonlight education is built around great stories—living books. We utilize good literature (like historical fiction, biographies, award-winning titles) to teach subjects such as history, Bible, and science, and offer academically excellent products for subjects such as math, handwriting, language arts and electives. These materials are organized and scheduled for you in our customer-renowned Instructor's Guides.

What is literature-based homeschooling?

Literature-based homeschooling is a highly academic approach that uses outstanding books and delightful stories as the centerpiece for learning. Real books make learning come alive and these stories give context to information, create an emotional connection with students, and help readers retain the information.

Reading is the foundation for comprehension and critical thinking in every arena, from history and language arts to math and science. Because humans are wired for story, we believe the most effective way to learn is by reading stories.

Sonlight's literature-rich programs build a love of learning that continues even when school—both school days and formal schooling—is done.

Literature-based learning is also surprisingly efficient. You read the best literature available to your children. They absorb the information. You talk about what you read and then move on to the next book. No stressful studying for tests. No boring lectures. Just enjoyable reading and interaction.

Why choose a literature-based education?

Why use great literature–the best books ever written–as the foundation for learning? A single book can distill the wisdom of an entire lifetime in a few pages, offer insights and perspectives unlike our own, and open doors to delight and discovery. The result of a literature-based education? Individuals who are highly inquisitive and invested in learning for life.

✓ Literature makes learning information enjoyable.

✓ Literature conveys information in a format that is easy to remember.

✓ Literature encourages you to interact with your children.

How do Sonlight's Christ-centered, literature-based programs work?

1. **Start with a History / Bible / Literature program.** Sonlight's History / Bible / Literature programs are the basis for your Sonlight experience. Each program includes a year's worth of history and geography, Bible and literature (called Readers and Read-Alouds).

2. **Let your Instructor's Guide show you what to do.** Your curriculum is far more than a pile of books. It wouldn't be Sonlight without our award-winning Instructor's Guide. Your easy-to-use Instructor's Guide weaves your books and materials into a cohesive, full-year curriculum.

   With flexible weekly and daily schedules, discussion questions, teaching tips, hands-on activities and experiments, and insightful notes to prompt deeper discussion, simply open your Instructor's Guide and teach with confidence each day.

WHAT'S SONLIGHT'S SECRET?

Children respond more positively to great literature than to textbooks. Because quality literature is not age-specific you can teach multiple children with one program!

"My children weren't allowed to enroll in kindergarten early, despite their proficiency in reading due to their ages. I decided to homeschool them for a couple years and then send them to school. The literature-rich Sonlight curriculum sounded intriguing, so we tried it and we are hooked! My former plans of enrolling them in school later have not come up again. We are having too much fun, and my daughters can read as much as they want. With Sonlight, they are learning much more than mere facts. They are learning empathy, critical thinking, processing emotions, and understanding others. I love that I have the tools to guide them through these things personally and biblically with Sonlight. When my third daughter was born after a few years' gap, my older daughters couldn't wait to share Sonlight all over again with her," explains Elizabeth G of Navarre, FL. Pictured: Abigail (6) reads about castles in *Living Long Ago* (Level K), Hannah (14) reads *The Gammage Cup* (Level J), and Kalle (15) reads *The Story of Christianity* (200). The sheer amount of books in 3 HBL levels is astounding. Dressing up like medieval times makes history even more fun with the Sonlight castle boxes surrounding them!

What makes a Sonlight book?

Every Sonlight book must pass co-founder and president, Sarita Holzmann's seven-point test:

1. **Real/realistic characters**
2. **Solid character development**
3. **Content that adds to the reader's cultural literacy**
4. **Intriguing, multi-dimensional plot**
5. **Emotionally compelling**
6. **Beautifully written**
7. **Re-readable**

TEACHING MULTIPLE STUDENTS?

TEACHING MULTIPLE CHILDREN WITH SONLIGHT IS EASY.

Unlike a traditional textbook approach, you don't have to order a separate Sonlight program for each child. Combine students within a 3-year age range into one History / Bible / Literature program and one science program (the "Couch Subjects™"). Then, simply add on skill-specific subjects for each child, according to ability: language arts, math, spelling, handwriting (the "Table Subjects™").

When you combine students, you

- **save time** because you're not trying to use multiple programs;
- **save money** because you're using the same materials with more than one student;
- **build family relationships** because your children learn together;
- **avoid much of the frustration** that comes from being pulled in multiple directions.

There is a recommended age range for combining a curriculum level. As your children get older, the readings become longer and more challenging conceptually, and they deal with more difficult topics. In general, one program will work well if your children are within about three years of one another.

Group students within 3 years of each other and teach as few History / Bible / Literature and Science programs as possible.

If you have children with a wide spread of ages, you might be able to choose complementary levels. For example, Sonlight B goes well with G because both study the first year of World History. Sonlight D and E are excellent companions to Sonlight 100. You might schedule these programs to overlap topics and concepts.

See the full Sonlight Scope and Sequence on pp. 114-115.

Find out each child's current ability level using complimentary placement tests, available online (*sonlight.com/placement-tests*).

Want to know more? Go to *sonlight.com/multiple* for more information (including a video!).

NOTE ON LANGUAGE ARTS:

Language arts levels are complemented by the same level graded readers. For teaching multiple students who may be at different levels, choose one set of Readers and matching Language Arts with your package. For additional students who are learning to read and write— usually those using Sonlight levels K-C, or for younger students listening in on an older sibling's program—add a Phonics package containing the additional student's Language Arts level and matching Reader program. Starting in Sonlight D, students transition from learning to read to reading to learn, and the Readers and Language Arts tie in with the rest of the program—no need to choose.

Whatever your homeschool needs, Sonlight has you covered. From our complete All-Subjects Packages, to our centerpiece History / Bible / Literature options, to individual items, you'll find what you need at Sonlight.

A GUIDE TO SONLIGHT'S VOCABULARY

Sonlight-specific definitions:

4-DAY/5-DAY: All Sonlight packages are fully planned for 36 weeks—a full school year. 4-Day (144-day) programs are designed for families in a co-op, or any family that wants a more relaxed (but still thorough) education. The 5-Day (180-day) programs provides a complete, daily schedule, with more books. Want the 4-Day schedule but don't want to miss out on any excellent books? Order the 4-Day program and add on the 5-Day books.

ADVISORS: Sonlight Advisors offer you free, personalized homeschool help. Contact an Advisor with questions about what materials you should buy, how to use what you already have, and how to solve any homeschool dilemmas you face. Available via phone, email, or chat. Go to *sonlight.com/advisors* to get started.

CONSUMABLE: Products you use up such as workbooks and activity sheets. A consumable item is needed for each student sharing materials. Consumables for one student are included in each Sonlight package. Additional consumables can be purchased for students sharing a level.

ESTIMATED DAILY TIME: The approximate length of a Sonlight school day (including all daily subjects) for one student. Students work independently at times, so parent estimates may differ from student estimates.

READ-ALOUDS (RA): Books you read aloud to your children.

READERS (R): Books your children read on their own, either silently or aloud to you. For History / Bible / Literature programs before D, children read grade-specific Readers that help them develop fluency and a true love for reading. From Sonlight D through J, the Readers integrate closely with the HBL material and enhance your children's study of history, geography and culture. (In high school, the literature courses are separate from the history courses.)

SONLIGHTCARES™: The collection of benefits available to Sonlight purchasers. See p. 112 for the list of benefits.

SONLIGHT HIGH SCHOOL

Student-Driven, Rigorous, Engaging, Proven

Sonlight is committed to meeting the needs of high school homeschool students. We offer robust high school curriculum packages where students enjoy an interesting and rigorous college-prep education that's equivalent to the finest schools in the country.

Designed for independent study, we offer a wide variety of courses that fully prepare students for college, the workplace, or any other vocation. You can be confident that you're giving your children the academic foundation to succeed in life.

Each Sonlight high school course comes with both a Parent Guide and a Student Guide, containing a complete schedule and notes. Students are old enough, and prepared enough, to work through the program independently. Your role is that of mentor: offer tips for organization, share test-taking strategies, assign and grade research papers, and discuss lots and lots of great books.

"I was introduced to Sonlight when we first decided to homeschool my eldest. It's perfect for me as a mom, and my girls have thrived and excelled. Sonlight developed their love of learning, gave them an incredible foundation for excellence in English and History, and grew their confidence in their ability to articulate ideas. Sonlight has provided efficiency in their education too, allowing them to excel outside academics. Both girls are three-sport varsity athletes at the local 6A high school as well as players on a high-level competitive soccer team. Next year I will graduate my second daughter, but I have 11 years of Sonlight homeschooling ahead with my younger boys. I love going back through our lesson plans and seeing my notes from years ago and revisiting our favorite books. I'm not the same homeschool mom I was 13 years ago. Thank you, Sonlight, for letting me learn and grow alongside my children," recognizes Tamara F.

HOW TO CHOOSE YOUR HIGH SCHOOL CURRICULUM

Sonlight meets the needs of homeschooling high school students with a thorough catalog of robust high school courses, ideal for students in grades 8-12. To create a complete course of study, simply mix and match individual courses. Follow these steps and choose individual courses according to your student's specific needs and preferences.

Want help designing your own individualized high school plan? Contact a Sonlight Advisor (*sonlight.com/advisors*) to help you choose the best options for your family.

670 Economics

☐ One semester

Consider modern-day economic theories & values

Many states require Economics to graduate. This program gives students a balanced, critical view of modern Economics, from basic theory to politics and trade.

Unique among Sonlight programs, this program centers around online video lectures, not books.

Producer Dan Heath claims, "Economics is not about money. It's about a new way of thinking."

Includes two lesson plans: one more relaxed, one to prepare for the AP exam. Learn more at *sonlight.com/economics-670*

Explore how writers have repeated themes over 4000 years and six continents

Works from every inhabited continent, from ancient Babylon to contemporary England—four thousand years of literature. War. Journey. Self-discovery.

The Iliad portrays war; *The Odyssey* portrays a journey. *The Aeneid* splits its story between both war and journey. *The Inferno* is a journey, and a trip of self-discovery. Self-discovery shows up in *Oedipus Tyrannus,* the Greek play, and in *Things Fall Apart*, a 20th Century Nigerian novel.

For cultural literacy and shared humanity, it doesn't get better than this.

ELECTIVE COURSES

Level 610 Advanced Apologetics

Grades 11-12 • Ages 16-18

☐ Elective Course (one semester) **$121.99**

Defending Christianity in the 21st Century

In a world where many young people abandon their faith, give yours the tools to know that following Christ is "true and reasonable" (Acts 26:25) as they transition to college and beyond. Examine arguments from skeptics, atheists, and other faiths, and become familiar with compelling responses to these arguments.

In this 18-week elective course, equip your students to understand and gracefully defend their beliefs.

This course is perfect for college-bound juniors and seniors. Pair it with *What Good Is Christianity?* for a full-year elective.

Learn more at *sonlight.com/advanced-apologetics*

INCLUDES:

- ☐ Advanced Apologetics Instructor's Guide
- ☐ Christian Apologetics: A Comprehensive Case for Biblical Faith
- ☐ Tactics: A Game Plan for Discussing Your Christian Convictions

Level 660 What Good is Christianity?

Grades 11-12 • Ages 16-18

☐ Elective Course (one semester) **$193.91**

Evaluating the historical record

Designed to educate and equip students regarding the positive role and influence of Christianity in various spheres. Our goal in this program is to expose students to a variety of ideas they are likely to encounter in their Christian walk, while at the same time providing helpful insight as your children wrestle with these challenging ideas.

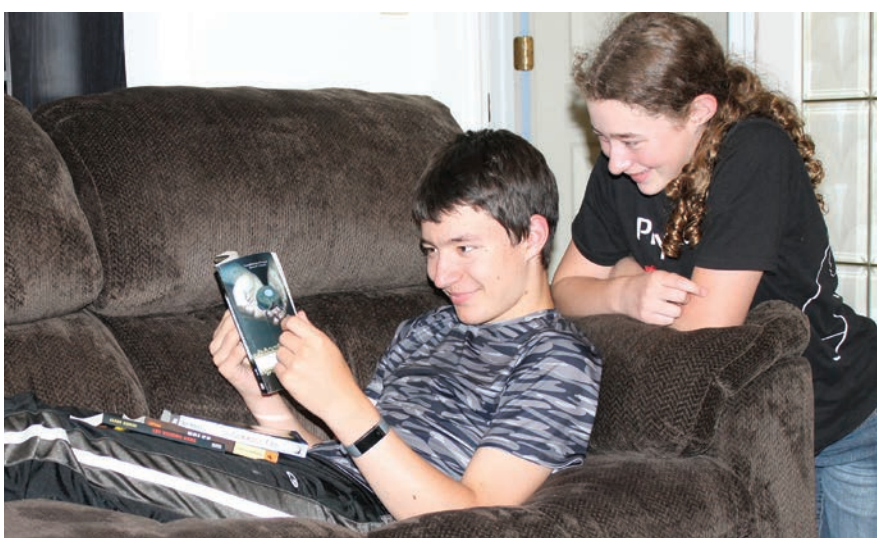
Full of rich narratives and intriguing questions, this 18-week curriculum for upper-level high school students includes seven carefully-selected resources to accompany your Instructor's Guide, plus various articles.

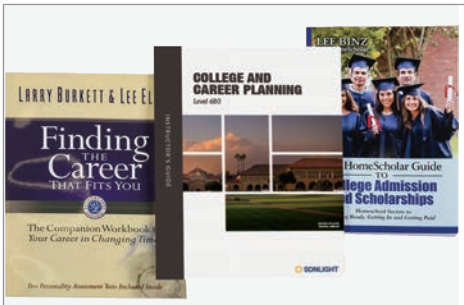
Learn more at *sonlight.com/christianity*

INCLUDES:

- ☐ What Good Is Christianity Instructor's Guide
- ☐ Arts and the Bible
- ☐ The Book that Made Your World
- ☐ Christianity On Trial
- ☐ Does God Exist? (DVD set)
- ☐ How Christianity Changed the World
- ☐ The Victory of Reason
- ☐ What's So Great About Christianity?

"Reading is a favorite pastime in our home. It's no surprise that I often find my children reading school books over and over again, for FUN! My two oldest love to read aloud together, changing their voices for each character. It is amazing to watch them bond over books." Lena Q of Rapid River, MI admits, "I was nervous to choose Sonlight 5 years ago, when we started with Core D. It seemed like too much reading for our family. We had to adjust our schedule and routines, but it was also so much more peaceful without the constant workbook battle. We were learning together through reading. Amazing!"





Level 680 College & Career Planning

Grades 9-12 • Ages 15-18

☐ Elective Course (self-directed study) **$83.94**

Lead your students with confidence through high school and beyond

Planning for your children's future doesn't have to be stressful. This course is designed to help you and your teens make the most of their high school years.

Authored by two Sonlighters, Kelly Lutman and Barbara Walsted. These experienced homeschoolers both have walked this path with their children. They offer you a wealth of wisdom and practical tips that will help your students make the transition to college and career with grace, ease and success.

We've tailored this course specifically for homeschoolers:

- Help your students discover their gifts and abilities.
- Gain confidence in how best to present your students' homeschool achievements to college admissions counselors.
- Streamline the college application process and uncover secrets to make higher education lighter on your pocketbook.
- Save time by keeping your college search paperwork in one place.

Challenge your children to be all God created them to be. Take joy in watching them grow. Then help them walk into a future that keeps their dreams alive and brings their goals to fruition!

Your students can use this course in as little as 9 weeks or as an ongoing tool throughout all of high school.

☐ Finding the Career That Fits You
☐ The HomeScholar's Guide to College Admission & Scholarships

Level 690 Psychology

Grades 11-12 • Ages 16-18

☐ Elective Course (full year) **$375.00**

AP* Psychology prep from Sonlight

The Sonlight Psychology package ties in the science of psychology with the art of understanding how people work.

Jeff Corson has been teaching Advanced Placement* Psychology since 1999 and has enjoyed not only seeing students grow, but has also seen them perform well above the national average (80-93%) in achieving college credit for the course.

Corson negates the perception that psychology is the domain of unbelievers and views it simply as the study of God's workmanship. His workbook helps prepare students to maintain and strengthen their faith in a college/world environment where their beliefs may be challenged daily.

Corson suggests a timeline of August to April for students who want to take the national Advanced Placement* Psychology test in the U.S. in May.

Corson's workbook uses a textbook that features history, facts, terms, real-world applications, and a sprinkling of laugh-out-loud cartoons.

This course is a great introduction to psychology for aspiring college students or anyone interested in human behavior and design. Learn more at *sonlight.com/psychology*

INCLUDES:

☐ Interactive Workbook & Diary
☐ Myer's Psychology for AP* Third Edition

WHY WE GIVE
HOW WE GIVE

Sonlight is more than a curriculum company. With every purchase, you don't just get great books and stellar curriculum. Every order you make fuels efforts to spread the good news of Jesus worldwide.

One of the key focuses of Sonlight is missions. We love this part of what we do. Not only do we seek to raise up generations of young people who are passionate to see lives transformed, but for every dollar you spend, the Kingdom of God advances as we give towards missions. You are part of the story that God is writing to reach the world—changing people's lives because of the gospel.

Here's how your purchase contributes to our commitment to missions giving.

READ. Because of your purchases, lives are transformed. Women around the world are able to attend literacy classes, learn basic skills for earning additional income, receive healthcare, and gain freedom through education.

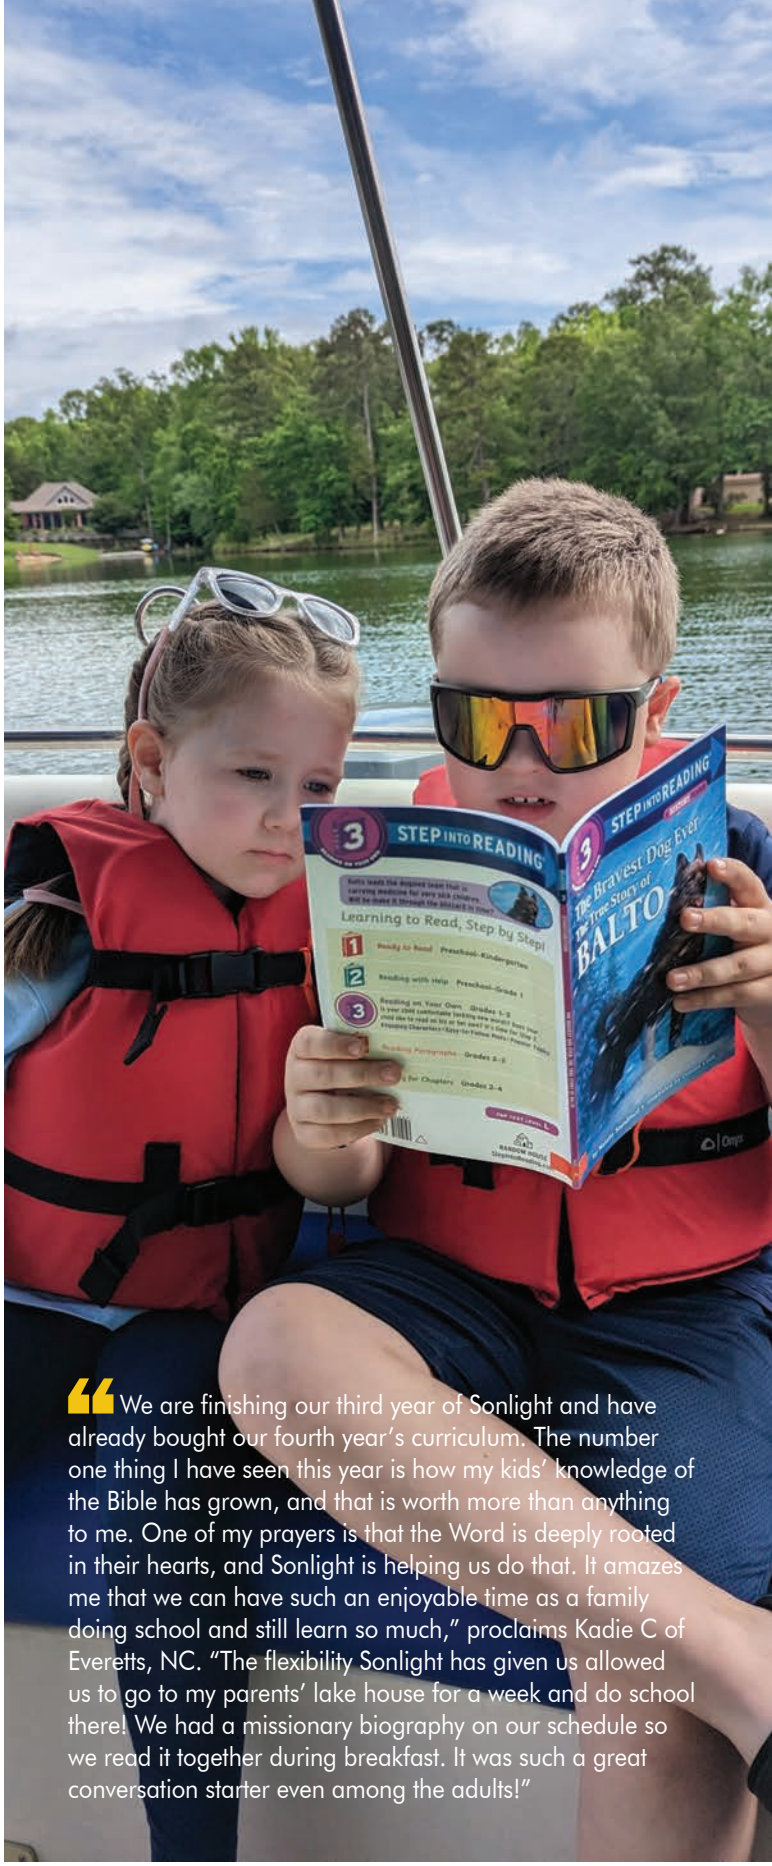
TRANSLATE. As you read to your children, your purchase has allowed a man to hear the Bible in his heart language for the first time. With the words of Scripture translated into a language that now has the words of life, his life is changed forever.

BROADCAST. As your children hear words that give life, your purchase pours out living water through radio programs into places that are difficult to reach. Those living in a country hostile to Christianity hear truth through the airwaves. While they maybe aren't able to meet someone in person, these broadcasts bring truth their hearts long to know.

SEND. When you look at your children playing, laughing, and learning, remember that your purchase helped children across the world learn, too. Children's Bible Clubs introduce children to Jesus, and see lives and families transformed.

GO. As you read missionary biographies, know that, through your purchase, a believer is going to a place where the good news has not been proclaimed before. How beautiful to have feet on the ground with the gospel in a place waiting to hear the name of Jesus.

When you purchase from Sonlight, you are part of the story that God is writing to reach the world. Learn more at *sonlight.com/missions*



"We are finishing our third year of Sonlight and have already bought our fourth year's curriculum. The number one thing I have seen this year is how my kids' knowledge of the Bible has grown, and that is worth more than anything to me. One of my prayers is that the Word is deeply rooted in their hearts, and Sonlight is helping us do that. It amazes me that we can have such an enjoyable time as a family doing school and still learn so much," proclaims Kadie C of Everetts, NC. "The flexibility Sonlight has given us allowed us to go to my parents' lake house for a week and do school there! We had a missionary biography on our schedule so we read it together during breakfast. It was such a great conversation starter even among the adults!"

"We had always planned to homeschool, but when the time came, I was overwhelmed by all the different options. I knew that with lots of little ones in our family, I needed a curriculum that was 'open and go' and didn't require a lot of preparation from me. Sonlight was the perfect solution," admits Kirsten V. "That first year showed me how wonderful literature-based learning could be. I like to say *'I came for the IGs and stayed for the books!'* We have been using Sonlight for 9 years now, and it has been such a blessing for our family!" SONLIGHT COLLEGE SCHOLARSHIPS

Do you have a student heading to college in 2025? Let us help you pay for college with a Sonlight college scholarship!

From preschool through high school graduation, Sonlight prepares your students. We have the big picture in mind, and we help you raise students prepared to launch into any career God calls them to. We share your desire to help your children succeed, and we'll walk alongside to help you create the long-term educational experience your family envisions.

Each year, our charitable foundation offers a number of college scholarships, ranging from $4,000 to $20,000, spread over four years.

The Sonlight Foundation offers scholarships on two tracks:

- One emphasizes academics
- the other creativity, missions-mindedness, and service

Got a perfect score on the SAT? Got average test scores, but served overseas during summer vacation for the last three years? In either case, you may qualify.

We recognize that academic giftedness is only one type of giftedness. If your student is gifted in academics, service, music, art, or has a heart for missions, we encourage you to learn more.

Apply for a Sonlight Scholarship and learn more about past recipients at: *sonlight.com/scholarships*

"Sonlight taught me to retain lots of information and how to juggle reading multiple books at once while making parallels and applications between all of them. Experience balancing a heavy workload and understanding how to relate different subjects/materials to each other was very helpful when I got to college." —Sonlight Scholarship Recipient, Hannah B.

"Sonlight prepared me to learn and think for myself, which prepared me to engage with our broken world. I found that Sonlight gave me a stronger foundation in both academics and personal development than many of my peers." —Sonlight Scholarship Recipient, Bobby N.

YOU ARE YOUR CHILD'S *BEST* TEACHER

After years of Sonlight families sharing their success stories, we confidently offer a 100% money-back guarantee. Love our curriculum or we will provide you a complete refund ... even if you've used your curriculum materials for half a year!

"Sonlight has become the heartbeat of our family," recounts Emily M of Sheridan, IN. "From the deep, theological discussions we have had regarding the Bible and what Jesus means to us, to the tears we've shed while reading about George Müeller and his legacy, as well as the excitement of completing a successful science experiment, Sonlight has been central to our days. As their primary teacher who does not have an educational background, thinking of teaching multiple children at different levels intimidated me. However, because of the way Sonlight has curated the curriculum, I am confident that each child is getting exactly what she needs. I thank God every day that I found Sonlight, and that it is working so well for our family." Pictured: The M family's favorite time of the week is *Poet-Tea* where they read poetry and take turns fixing teas and snacks. They have loved the rich poems in the poetry book, and they have worked on hospitality and manners, all in one lesson!
